STAT

The attached memorandum for the record and minutes of an earlier meeting spell out where we stand at present -- and what we are being asked to do in the Vietnamization of GVN Intelligence Committee. [] of our staff has attended both meetings, ~~clearly~~ as a monitor. We have fended off active participation in this group as long as we gracefully could. A telepouch has gone to Saigon asking for a Station position on the subject and, if any, their input. With Ted Shackley here, I'd like to get agreement of what posture we should take prior to next Monday's (8 June) meeting when we are expected to become active.

Special Assistant for Vietnamese Affairs
